FORMER REDWOOD CITY BELLE PASSES AWAY IN SANTA BARBARA

Mrs. James Robertson, formerly of this city, passed away at the home of her daughter, Mrs. James Goodwin in Santa Barbara, this week. Mrs. Robertson was formerly Miss Caroline Hawes, daughter of Horace Hawes, and at one time the undisputed reigning belle of Redwood City.

Her father, Horace Hawes, at one time had his home on the site now occupied by the Sequoia Union High School. He at that time owned all of the land from Whipple road on the north to the Woodside road on the south and back into the hills to the stone wall which still stands about two miles west of Redwood City, and which he had built to mark his western boundaries. He owned all of what is now the main section of town and gave the right of way through Redwood City to the San Jose and San Francisco rail road, now the Southern Pacific. The only price he required for this grant was that every passenger train passing through Redwood City should stop here.

Horace Hawes also granted to the Redwood City school district all of the land now occupied by the town hall, the fire house and the old gymnasium. This was given for school uses only and was long occupied by a school which stood where the fire house is now located. Later the school district received a release from a provision of the grant by which the land should revert to the Hawes heirs when it should not be used for school property. It was then that the land was transferred to the city for its present uses.

Mr. Hawes was one of the most charitable men in this section of the country, and made the birthday of his daughter a day of universal celebration in Redwood City. On the birthday of Caroline Hawes every child in Redwod City and vicinity was given entertainment freely in the Hawes home. Every one was welcome and the times are still treasured among the fondest memories of some of the oldest inhabitants of the town.

The barn was cleared out for a dance, refreshments were served by the host and every one had a good time. Caroline Hawes' birthday was the big day of each year for every child in Redwood City at that time.

Miss Hawes was the most popular lady in Redwood City and her marriage to James Robertson, a clerk in the office of McCondary & Co., one pioneer law firms of San Francisco, was one of the big society events of that time.

Since that time the great holdings of Horace Hawes have been sold until only a five-acre tract at the end of Roosevelt avenue, where Mrs. Robertson lived until she left to live with her daughter in Santa Barbara, remains.

Horace Hawes, Jr., brother of Mrs. Robertson, was a brilliant young attorney of the early days. He ran for district attorney and was defeated. The shock of this defeat was so serious for him that he died within two months after the election.

The elder Hawes was a typical southern gentleman, and upon his coming to this section with his family, brought one of his slave families with him. The boy of this family, James Combes, was for many years coachman of the Hawes family and was one of the best known men of Redwood City in the early days of the town.

Horace Hawes is chiefly remembered for his work in having this county made separate from San Francisco. This was in 1856. Prior to that time the counties had been one.

It was to reduce the cost of county government that Horace Hawes hit upon the plan of a city and county government of San Francisco. This plan is still in effect in San Francisco.

Mrs. Robertson is survived by her daughter, Mrs. James Goodwin, of Santa Barbara, and by a son, Porter Robertson, a bond salesman of San Francisco. Mrs. Eugenia Crabtree, wife of David M. Crabtree, formerly rector of St. Peter's Episcopal church, is a niece.

American Legion Plans Reunion

The anual banquet and reunion of the ex-service men of this vicinity is an event always looked foreward to by the veterans of Redwood City. This year it will be held in the Civic auditorium over the fire house on May 14. Invitations have been sent out to the members of the local post of the American Legion, but it is the hope of the Legion that all ex-service men, whether affiliated with the Legion or not be present and take part in the banquet and entertainmet, and a general invitation is being issued to all such men to be present.

The banquet will be supplied by the members of the team which lost in the recent membership drive and will be prepared under the supervision of Charles Ward. What will be provided is still a secret, but that it will be the best obtainable goes without saying.

The entertainment for the evening is being prepared by Stanton Mullen. To those who know Stanton, this announcement will be enough—the entertainment will be good. State Commander Nathan Coombs will be present this evening.

Reservations can be made with Adjutant Frank Thompson at 50 Broadway, near the bridge.

CHARGES AGAINST DOCTOR ARE DECLARED GROUNDLESS

The charges made against Dr. Baker before the board of Supervisors of this county were dismissed, and the board before which the county physician was called to explain his actions, gave him a vote of commendation last Monday.

It was charged at a previous meeting of the board that Dr. Baker had been sending private patients to the county hospital and leaving instructions that they be given free treatment. Dr. Baker was cited to appear before the board and explain his acfore the board and explain his actions and Miss Loftus, county nurse and Miss Roberts, superintendent of the county hospital were called as witnesses.

Upon investigation it was found that only one case existed where a patient had been brought from outside of the county, a boy suffering with pneumonia, who was admitted from Palo Alto. The boy was a grandson of a domestic in the home of a former resident of this couty, who had recently moved to Palo Alto. Dr. Baker supposed that the boy was a resident of this county and as the case required immediate attention sent him to the hospital.

As the circumstances of the boy's grandmother were such that she could not pay the full hospital charges, Dr. Baker asked Miss Roberts to make the charges as reasonable as possible. It was from this that the scandle arose by which Dr. Baker was charged with using the county hospital for his own advantage.

It was shown at the meeting Monday that not only had Dr. Baker acted unwittingly in bringing a patient from outside of the county, but that he, instead of doing it for his own benefit, had given his services free to save the life of the sick boy. On the presentation of these facts, the board of supervisors freed Dr. Baker of all charges and commended him for his action.

Miss Loftus and Miss Roberts, while not implicated in the charges which had been placed against Dr. Baker, were included in the vote of confidence given by the board.

MRS. WILLIAM JAMIESON BEGINS DIVORCE SUIT

Suit was filed in the Superior court here this week by Mrs. Madeline Marie Jamieson vs William P. Jamieson. The couple was married in San Francisco in June 11, 1911 and separated on April 17 of this year.

In her complaint, which was filed by Attorney F. R. Estes and Ward Sullivan, Mrs. Jamieson asks $150 per month, $300 attorney fees and $50 court costs.

The 26th anniversay of the Fraternal Aid Union of Palo Alto Monday evening was attended by the following members of the local lodge of that order: Mr. and Mrs. Harry Potts, Mr. and Mrs. L. B. Winniger, Mr. and Mrs. J. C. Jones, and Miss Anne Bullivant.

FRANCHISE DELAYED PENDING INVESTIGATION

No fifty year franchise will be granted by the San Mateo County Board of Supervisors until every angle of the matter can be properly considered and due thought given to the future as well as the present aspects of the granting. Such was the unanimous opinion of the board last Monday morning who Col. F. E. Webb appeared for aother franchise for a bridge across the bay from San Mateo to Mt. Eaden.

Webb was granted a franchise about two years ago, and, after several extensions, allowed it to expire through failure to do the required work of construction. He is now trying to secure another franchise for the same bridge project.

Another application will be made soon for a franchise to build a bridge across the bay at San Mateo, according to announcement by Frank C. Towns, who was represented at the Monday meeting of the board by Attorney J. C. Colebird of South San Francisco. Towns is now advertising his intention of applying for a frachise in May.

Following the application of F. E. Webb, District Attorney Swart was called upon for an opinion and advised the greatest caution in proceedure. The board has no right, said Swart to deed away the rights of the public without the deepest consideration. Fifty years is a long term for a franchise and should not be given hurriedly.

Attorney Colebird then appeared before the board representing Towns and asked that both petitions be given the consideration of the board. He advised that the financial backing of both applicants be considered, and their ability to perform the work. Webb had been given a franchise, he said, and after several extensions had been forced to let it expire. Then why, he said, should he expect to do better this time.

Resolutions were also received from the city governments of San Mateo and Burlingame urging the greatest caution in granting this franchise, and advising the board to investigate the financial backing of the applicants.

It was finally decided and voted that a committee be appointed by Supervisor MacBain to investigate the qualifications of both applicants to perform the terms of the franchise. This committe named by Chairman MacBain was as follows: Supervisor T. L. Hickey, Supervisor C. V. Thompson, County Engineer eo. Knesse, L. C. Castle, San Mateo banker, and I. H. Porter, banker of South San Francisco.

In the ticket selling contest for the Elson art exhibit, which is to be shown at the high school April 29 and 30 and at the intermediate grammar school May 1 and 2, the grammar school is i the lead, according to Miss Gladys Beeman, who is in charge of the exhibit. The candy booth will be at the center entrance of the upstairs hall.

The sophomores come next, only four knots behind. The seniors have sailed 19 knots, and the juniors, after being becalmed, have sailed only 9 knots.

H. Molony.

SAN CARLOS TO VOTE ON INCORPORATION

Incorporation seems to be the order of the day, and since the formation of Atherton and Lawndale recently, incorporation has been discussed by most of the small towns of the county. The latest to consider the matter seriously is San Carlos, where a mass meeting this week it was decided to put the proposition before the people at an election.

The meeting was held Monday evening, under the chairmanship of Dr. J. G. Null. At this time a report was read by a committee consisting of Fred Drake, J. W. Davis, J. A. Yakel and John Cowgill with Asa Hull, as chairman. This committee was appointed at a previous meeting of the people of San Carlos for the purpose of investigating incorporation and studying the plans adopted at the time of the incorporation of Atherton, San Bruno, Mayfield and other neighboring towns.

It was the unanimous recommendation of this committee that San Carlos incorporate. San Carlos is in much better shape to incorporate now than any of these towns were, according to the committee. Streets sidewalks and sewers are already in, and very little work will have to be done along these lines.

It was decided to present a petition to the board of supervisors at their meeting on May 11, at which time they will be asked to call an election for the people of San Carlos in order that they may vote on the proposition. A committee was appointed to draw up this petition and a meeting of the people of San Carlos will be called later to consider this petition when the committee has it completed. The chairman of the committee which is now at work on this petition is E. R. Burton. A. J. Stebenne of this city was appointed attorney.

Incorporation is also being talked in Ravenswood and Menlo Park. In the latter place it was defeated about two years ago by the formation of Atherton which includes much of the terriotory which was to have been included in Menlo. A new proposition is now being considered which would extend Menlo Park on the other side, and would include sufficient inhabitants for incorporation.

Edward, eldest son of Mr. and Mrs. P. A. Ryan, left Wednesday on the Union Iron Works steam ship, West Kamona for the Orient. Young Ryan has been working at the Union Iron Works since leaving the Sequoia Union High School four years ago, and was offered a position as engineer of the ship. While away the West Kamona will stop at all Oriental ports of importance. The first stop will be in Shanghai, which they expect to reach in about twenty days They will return to California some tine in August.

Sweikert, Mrs. McAuliffe and Misses Belle Marandette, Helen Stegemann, Gertrude Hinds, Ruth Kirste, Constance Drathman, Clara and Beatrice Sweikert, Sis Ward, Malie Smith and Marie McAuliffe.

Mrs. George Eikerinkotter of this city left for San Rafael Thursday to be with her son.

Mrs. Parker Townsend has returned to her home on Pine street from the Community hospital where she recently underwent a serious operation.

A Big Time in The Old Days

Today is the day which in the old times of Redwood City was the one day of the year. Upon the 25th of April every year occured the event which more than any other appealed to every person, young or old in Redwood City, the Odd Fellow's picnic. The Odd Fellows' picnic was not limited to Odd Fellows, far from it. Everybody planned for twelve months ahead to be able to join in the festivities of the day.

A band would form in front of the I. O. O. F. hall, at that time located over the blacksmith shop of Hilton and Titus on the site now occupied by Grimmenstein's electrical store. From there everybody would march to Finger's Grove on Finger's creek on the north end of town. Here a barbeque would be prepared, refreshments served and speches made. Not even election days could be compared with the day of the Odd Fellow's picnic in the olden times in Redwood City.

Later when the advent of the railway made traveling easy and rapid the scene of the picnic was shifted to Niles canyon. And for many years, long trains were chartered and practically the whole of the population moved across the bay for the day. The town on these days appeared as one deserted. Stores would be closed and one might walk the length of the town and never see a face. Modern business methods ad a growing population has made such a scene impossible now, but old timers still talk over the Odd Fellows' picnic of the past as the big days of Redwood City.

The picnics were held by the Odd Fellows i commemoration of the anniversary of the founding of their order. This year an entertainment was staged at the Sequoia Theatre for the same event. Several hundred Odd Fellows and their friends gathered to see one of the best shows staged in Redwood by any lodge. Earl Rush's minstrels furnished the bulk of the laughs.

RESIGNATIONS IN SCHOOL SYSTEM CAUSE SURPRISE ALL OVER COUNTY

The annuoncement this week of the resignation of Ray W. Cloud as superintendent of schools of the San Mateo county, and of A. E. Monteith, who holds the same position in the schools of the city, came as a surprise to the friends of both men. Monteith, it is announced, has resigned the position which he has held for 10 years, to accept a position with the San Mateo County Building and Loan Association, made vacant by the resignation of Herman Schaberg, who has been secretary of that company for the past ten years.

Superintendent Cloud has resigned in order that he may accept the position of principal of the Redwood City schools which was offered to him by the board of trustees of the school district upon the resignation of Principal Monteith.

The office of county superintendent of school has been filled by Roy W. Cloud for over 18 years, and in that time he has assisted in building up one of the finest school systems in the state. Mr. Cloud has earned a state and nationwide reputation as an authority on education. During the time he has been in office the schools of San Mateo county have made an unprecedented growth, expanding from a system of 72 teachers to the present number of 387.

During that time the number of pupils has increased to many times the number which were attending the school then.

Perhaps the greatest improvement which has been wrought within the the term of Superintendent Cloud and chiefly through his efforts was the establishment in San Mateo of the San Mateo Junior College, giving two years of university work. The purchase of the new site and the erection of the new Sequoia Union High School was another accomplishment in which he was very largely responsible. In the loss of Superintendent Roy W. Cloud the school system of the county losses one of its best and most widly known officials. The loss of the county will be balanced, however, by the fact that in losing one good principal the schools of Redwood City will gain another.

Principal A. E. Monteith was selected for the position he now occupies in the schools of Redwood City in 1915 and in that time he has worked tirelessly for the interests of the schools of this city. He was in no small measure responsible for getting the people to vote recently for additional schools and for enlarging the present buildings. The purchase of the old high school for the use of the upper grades of the grammar school was also fostered by Principal Monteith.

In accepting his new position with the San Mateo County Building and Loan Association he carries with him the personal friendship of eery one who has been in any way associated with him.

The appointment of a new superintendent of schools will be in the hands of the Board of Supervisors, and nothing has been made known as to whom they will chose. It is hoped, however, and expected, that as there are men eminently fitted for the place right here in this county, that the choice of the supervisors will fall upon a man already acquainted with the needs of the schools here and one versed in school management.

Herman Schaberg, who has faithfully served the interests of the stockholders in the San Mateo Countay Building and Loan Association, is leaving his position with regrets. His resignation is caused by ill health. During his time with the association the growth of the business of that organization has been surprising and it is felt that in no small measure this prosperity was due to the efficient manner in which the business of the company was carried on by its able secretary.

SUIT FILED TO CONDEMN LAND

Suit was filed this week by the Dumbarton Bridge Company against William A. Cornduff, Katherine Cornduff and the Standard Electric Company, to condemn a right of way across the land of the defendants to the Dumbarton Bridge. The suit was filed to have the compensation to be paid the owners fixed by the court. The plaintiffs in the action are represented by Dunne, Brobeck, Pheleger and Harrison of San Francisco.

SALE ATTRACTS MANY

The sidewalk in front of Bomberg's Economy Store was thronged with anxious bargain seekers yesterday morning awaiting the opening of the doors which began the third big sale of that store. Since that time the store has been a scene of constant activity.

The sale in the local store is being conducted by the Western Sales Company and is the fourth and most successful sale to be put on here by them.

Many bargains are being offered by the Economy store and will be until the close of the sale, which will continue about ten days. Special bargains are being offered in shoes, many pairs being offered far below what they originally cost. Although the first day has resulted in the moving of great quantities of this merchandse, many fine buys are still available.

LOCAL PLANT INSTALLS AUTOMATIC FIRE SYSTEM

Workmen are this week erecting a 50,000 gallon tank to supply a fire sprinkler system being installed at the Frank Tannery. The tank is at the top of a high tower and will give a high pressure to the automatic sprinkler system. The local plant has equipment and stock valued at thousands of dollars and the present fire system was thought to be inadequate to protect the plant from fire.

Mr. and Mrs. Tom Vernall will entertain Mr. and Mrs. Donald Boggy, Mr. and Mrs. Glenn Alexader and Mr. and Mrs. Maxwell Kincaid at their home on Phelps street this evening.

WILL OF COLMA WOMAN FILED

Th will of Mrs. Filomena Cavo was filed for probate in the Superior court here this week. The estate is said to be valued at about $6000. The will leaves one dollar to her husband and to five of her surviving children. The balance of the estate is left to a daughter, Leonora Cavo. A. J. Scampini represents the petitioner.

FACTS BEHIND SUPERSTITIONS; LIGHTNING RODS VS REFRIGERATORS

You need no longer be ashamed of your pet superstition.

Investigations have resulted in the proof that most superstitions are based upon facts—although, it happens that the facts fit the wrong way.

Take the superstitution regarding walking under a ladder. The possibility of misfortune is not in the ladder but in the fact that wherever there is a ladder, there is probably somebody standing on it; and that somebody is quite likely to drop something on your head. Again, there is the common belief that the hour of midnight has some dark, sinister influence in human affairs, the hour when crime walks rampant and evil deeds are done. This is quite true but the reason for it is that at midnight honest, lawabiding people are usually home in bed.

Another deep-rooted superstitution, particularly common in the middle west, is that lightning causes milk to sour. And it is not unusual to see lightning rods erected to prevent this. Now, curiously enough, milk does become sour during a thunder storm, but the cause is not the lightning, but the rapid change in temperature which always accompaines an electrical storm. The real cause of sour milk is a form of bacteria; and unless milk is kept at a constant temperature below 50 degrees, they multiply in it very rapidly. And while in California thunder storms are rare, milk will sour just as quickly as it does in the middle west. The best method of keeping milk sweet is not a lightning rod but a well-iced refrigerator.

W. W. Battles of Seabright visited his sister, Mrs. W. R. Cook of Washington street this week.

CHANGE OF MIND RESULTS IN FILING DAMAGE SUIT

Suit was begun in the Superior court here this week by Otis M. Sharpe and Alice B. Sharpe, his wife, against Anna Catherline Thompson to compel the carrying out of a contract alleged to have been made getween the Sharpes and Mrs. Thompson for the purchase of a lot in San Mateo. The contract by which Mrs. Thompson was to have sold a lot and house and furnishings in San Mateo Park for $21,-50 was said to have been made on March 5, 1925.

Mrs. Thompson nas now changed her mind about selling and, according to the complaint, has notified the attorneys for the plaintiffs that she will shoot any one attempting to effectuate the contract. The plaintiffs are represented in their action by Harry S. Whitmore and Rolde, Bye, Surr & Spicer, attorneys of San Francisco.

THE BAY SHORE HIGHWAY

IT begins to look as though the Bay Shore highway might yet be built by the State Highway Commission. The passing of the Breed gas tax bill this week will provide the funds necessary for the construction of this road. It is now only necessary for the governor's signature, and this bill will go into effect.

The Bay Shore Highway is undoubtedly one of the most important highways planned in the present scheme of road construction by the state, and its omission in the report of the committee of nine which investigated the highway needs was a surprise to all those acquainted with the vital necessity of this outlet for San Francisco traffic.

It has been put on the state's highway program, however, and the passing of the Breed bill practically assures its construction.

We are not politicians and we do not profess to understand the intricacies of the State's highway problems, but for our own information and that of our readers we would like to know why Assemblyman Eksward opposed this highway, and opposed the Breed bill which will make its construction possible.

MAKE FIRE UNPOPULAR

PORTLAND, OREGON, is preparing to deal severely with the fire-trap situation under an emergency ordinance that provides for closing unsafe buildings, evicting tenants, and razing the structures, with heavy penalties for refusal to obey the fire department orders.

Anaconda, Montana, had fines amounting to only a dollar per capita during 1924 and Seattle's fires were only $1.65 per capita; the average fire loss for the whole United States is nearly $5.00. Many fire losses are due to inexcusable carelessness in the handling of fire; and the losses are enormously increased by poor construction and lack of proper protection.

Every fire loss is a tax on accumulated wealth of the country. The careless fire builder is as much a public enemy as the traitor who sells the nation's safety in time of war, and is as deserving of punishment. The Portland law prescribing swift and heavy punishment for violation of safety fire ordinances is a rational step.

Punitive laws alone will not cover the situation. Education as to responsibility for fires and necessity for preventing them is essential to the real solution. When it is made as unpopular to have a fire as it is to be a law breaker along other lines to the detriment of the community, then the fire menace will cease.

SUPERVISORS GRANT SOFT DRINK LICENSES

Licenses for the sale of soft drinks were obtained Monday from the board of supervisors by J. W. Stuckey of Lomita Park and Wm. Roper the latter was laid over from the previous meeting because the petitioner had failed to be present in person at that time. When his application was referred to Supervisor MacBain in whose township Roper's stand is located, the supervisor stated that it was one of the best looking stands in Menlo Park.

The application of Antone Silva for operating the Blue Bird Inn at Five Points was denied upon the request of the sheriff. Applications of Mrs. [illegible] Meehan of San Bruno and Wm. Moore of Belmont were laid over due to the fact that the petitioners were not present. [illegible] the work of granting these licenses the board set the first meeting in each month as the day for hearing petitions for licenses. All applicants must be present in person to receive a license.

Important Finds

Three important finds were announced by archeologists during the week-end, the excavations at Tiahuanaco, Bolivia, revealing the Bennett and Creed, the excavations at Tiahuanaco, Bolivia, revealing the Barnadas and neighboring periods, 1500-1000 B.C., and the temple library at Nippur.

LEGISLATIVE LETTER

BY C. W. TURNER

Sacramento — The final windup of the legislature this year, as always, will result in a large number of bills and resolutions of them in fact, being left on the files in the various committees.

A legislative session always starts off with the announcement that the number of bills is to be few, and the length of the session short, and the close of the session always finds the number of bills enormous, and the length of the session two or three weeks more extended than was contemplated. This year will furnish no exception to that rule.

One measure that will probably attract very little attention in comparison with others far less important is a proposal to grant old age pensions. The idea is to pension the aged so they can live with their families or friends and not be forced to seek shelter in [illegible] public institutions. The plan [illegible] tried in Pennsylvania and is said to be a success there. Of course it is in vogue in many countries of Europe.

To secure a pension the pensioner must have resided in California for fifteen years; must not have an income of a dollar per day and must not have served a jail term of four months in a case where there was no fine alternative. Of course, if this measure proves a success, it will mean an ever increasing number of pensioners as the years go by and the population increases. The proposed pension is to be about a dollar a day.

Another measure of general interest is a bill fathered by Senator Inman which provides for the regulation of auto or tourist camps. There are camps of this character along the state highways from Redding to San Diego, near the various towns and cities. Each of the camps must take out a license from the state board of health, costing $25 a year. The cost, however, is simply imposed so as to give the board control over and the right to regulate the camps. The board is to inspect each of said camps and is charged to see that they have all necessary sanitary and proper conveniences, are kept clean and decently regulated. For violations of the act fines as high as $500 and six months imprisonment are allowed.

A constitutional amendment will be submitted to the people at the next election to exempt secondary schools accredited to the state university from taxation. Edward Mc[illegible] of Oakland is the author of this proposed constitutional amendment.

It was declared to be a measure in the interests of putting the office under political control.

It is proposed that in future the legislature and all state offices shall be elected purely on personal grounds, and not from a party standpoint, and party is to be absolutely abolished in state affairs.

A measure by Assemblyman Dillinger of Placer county is of considerable interest to the counties in which the principal rivers or streams of the state originate. It is a bill which proposes to provide for the reservation for future use of a certain percentage of the water, so that those who live in the counties shall have the right to protect themselves against having the water drained from their home streams for the benefit of the communities living below them.

The measure is declared absolutely necessary, if the mountain counties are not to be ruined by water drainage.

The governor desires it understood that he will give careful consideration to all communications sent to his office in favor of, or opposed to any bill that may come before him. He desires to get the views of as many of his constituents as possible on all measures that come before him for his signature and, realizing that it will be impossible for all the people interested to come to Sacramento, he invites those who care to, to write, promising to give due consideration to what they may have to say on the several bills in their letters. The plan of correspondence, he adds, is [illegible] of economy and asks the people to express their views on pending measures.

[illegible] the most animated debate the state senate has yet enjoyed, the Breed bill, increasing the tax on gasoline [illegible] passed. The measure should give the state many new roads [illegible] the coming two years. According to the state controller the highway [illegible] has some $8,500,000 besides this additional amount, so that there will be about $30,000,000 available for new roads.

Transfer of the control of San Francisco [illegible] from the state to the city of San Francisco [illegible] passed by 21 to 19 in the senate. Under the terms of the bill, San Francisco would take over the entire management of the harbor and the San Francisco harbor bonds would absorb all of the present bonded indebtedness of the harbor. The measure is similar to bills introduced in previous sessions of the legislature for transferring the control of the harbor from the state to the city.

Cleaning Without Odor by the
F. Thomas *Process*
Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.
With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.
Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

NEWS OF MENLO PARK

J. H. Sullivan, the realty broker, and his family motored to Los Angeles during the week. Mr. Sullivan found that there were better chances in Menlo Park to invest in real estate than in the vaunted south land. Business appeared to be flourishing but real estate seemed to be at a standstill.

One of the very best boosters for the locality is Harry Fee, the real estate broker. His optimism is charming and delightful as well as encouraging. Such men help to build communities and bring an enterprising class of people.

"Electrification amalgamation and waterfication" is a slogan just announced by the local estate men which they are going to advocate from now on.

Born—At the Palo Alto hospital to Mr. and Mrs. Court Newton of Menlo Park, a boy.

Rev. Jerome B. Hannigan, a former pastor of the Church of the Nativity, is quite ill at his home in San Francisco. For some time he has been ailing, gut recently his sickness took a serious turn. Father Hannigan has many friends in Menlo Park, where for several years he had been identified with the town's interest and welfare. They hope he man soon be convalescent.

Gorge Kugeler of Long Beach is here on a visit with his mother, Mrs. Charles Coxin. He was born and raised here and always finds surcease and hapiness in returning to the scenes of his youthful dreams

Purchase of an American flag for Menlo Park Troop, Boy Scouts of America, was authorized at the meeting of the Menlo Park Improvement Club held Friday night. The club also voted to pay a part of the electric bill of the Menlo Park hotel, where the organization has its clubrooms.

Rev. Mother Fox, at one time the Mother Superior of Sacred Heart College, is reported alarmingly ill at Lake Forest, Chicago. This will be painful news for her many friends in Menlo Park, where she was loved and admired by all. Her former pupils throughout the state are earnestly praying for her recovery.

The Bank of Palo Alto has completed plans for a one story re-inforced concrete bank building to be erected on the site of the old Fremont theatre building, now being razed by wreckers. When this work is finished the foundation for the new structure will begin. The structure is to contain modern quarters for a bank and also six stores separate and apart from the bank. The structure is to be operated as a branch of the Palo Alto Bank. The building is to cost $25,000. The erection of this modern structure will no doubt encourage others to put up modern structures.

Mrs. Christine Anderson passed away at the Palo Alto hospital last Monda. She had recently given birth to her sixth child. The death of the woman is a pathetic one as she leaves six children to mourn her loss and help. Her husband is a gardener, and the family resided at Atherton near the home of Frank W. Johnson. The deceased lived in this community for some years. She was forty years of age and was well liked by all who knew her.

The Menlo Park fire department will hold its third annual ball in Duff & Doyle's hall this evening. Dancing is to continue until one o'clock. Good music has been engaged for the occasion. The committee is composed of the following members of the department: Roland Midgley, chairman; Ted Hoff, Leo Walsh and George Murray. It is to be hoped the dance will be well patronized as it will show the appreciation of the fireboys who are always ready and willing to respond to the call of "fire."

Mr. Cooper, the garage man, is building a new cottage in Paraiso Park, which will cost $5000.

Mr. Thomas, the realty broker, is constructing a beautiful home in the Drexler tract. It adjoins the palatial residence of M. A. McCann. When completed it will be one of the attractions of that favored locality.

ATHERTON BOYS CLUB PLANNING DANCE MAY 9

The Boys' Athletic Club of Atherton will hold a dance in Duff & Doyle hall in Menlo Park on the evening of Saturday, May 9. The dance is being given for the purpose of raising funds for buying baseball suits for the boys.

The Native Daughters will hold a dance in Duff and Doyle hall next Saturday evening. A good orchestra has been secured, and a good time is promised all who attend.

Said Ordinance is numbered 252 and had been therefore duly introduced at a regular meeting of said Board of Trustees of said Town of Redwood City, held on the 2nd day of March 1925, and is hereby expressly referred to and made a part hereof.

And whereas, after the passage thereof, said Ordinance was duly approved by the executive of said Town of Redwood City on the 9th day of March, 1925, and was thereafter duly published in all respects as required by law and by the terms of said Ordinance;

And whereas, on Tuesday, the 24th day of March, 1925, said special election as called and specified in said Ordinance No. 250, was duly and regularly held and conducted in all respects as required by said Ordinance and by law;

And whereas, at said special election said four (4) propositions for incurring indebtedness and the issuance of bonds therefore as specified in said Ordinance No. 250, were duly submitted to the qualified voters of the Town of Redwood City as required by the provisions of said Ordinance No. 250 calling said election and by law.

And whereas, said propositions (a), (c) and (d) were duly rejected by the qualified voters of said Town of Redwood City, voting at said special election and said proposition (b) was duly accepted by the qualified voters of said Town of Redwood City, voting at said special election and said Town has been and is now authorized and empowered to incur the aforesaid bonded indebtedness of Thirty Thousand ($30,000) Dollars, that being the amount specified in said Proposition (b) which was duly accepted by the qualified voters of said Town of Redwood City, voting at said special election;

And whereas, the incurring of said bonded indebtedness of Thirty Thousand ($30,000) Dollars by said Town of Redwood City, will not cause the aggregate indebtedness of said Town to exceed fifteen (15%) per cent of the assessed value of the real and personal property in said Town of Redwood City;

Now therefore, the Board of Trustees of the Town of Redwood City do ordain as follows:
